This Biggest-ever Ann Lowe Exhibit Is Set to Shine a Light on the Long Under-credited American Designer

The accompanying book provides a beautiful and more permanent record of her contributions.

Ann Lowe works on a wedding dress. COURTESY WINTERTHUR MUSEUM.

Many who know the name Ann Lowe entered her story when she designed Jacqueline Bouvier's wedding dress for her marriage to John F. Kennedy and wasn't credited for it. But beyond that, there's still too little known about the designer, who would spend 60 years crafting couture-quality gowns for the highest of American society.
